

Colgate®

blast

water flosser

The fun and easy way for your patients to floss

Available from

 HENRY SCHEIN®

Only **1 in 4**
Australians **floss daily***

Meet **blast**

Help your patients create a
better flossing routine

**Blasts away plaque
between teeth and
along the gums**

**Gentle cleaning
and helps improve
gum health**

**Easy for patients to
clean around braces
and dental work**

What makes the Colgate Blast Water Flosser different?

Its portable and uniquely patented design, combined with easy to use controls will encourage your patients to clean their in-betweens and achieve a cleaner feeling than brushing alone.

The Blast Water Flosser has been designed to be simple and effective for people who are new to water flossing with its easy power flossing that's good and gentle for gums.
